ACOUSTIC WOOD BOARD SYSTEM

A revolutionary solution tailored for renovation projects, particularly those involving multi-unit dwellings like apartment blocks. This advanced system not only addresses the practical aspects of underfloor heating but also champions acoustic performance, making it an ideal choice for environments where noise reduction is paramount.

This makes it particularly well-suited for projects involving the renovation of apartment blocks, where reducing inter-floor noises and improving overall acoustic comfort are essential considerations.

Product Codes:
HOR/AWFB/600-1200-24/150C/16: 1200MM X 600MM X 24MM BOARD FOR 16MM PIPE, 150MM PIPE SPACINGS

HOR/AWFB/600-1200-36/150C/16: 1200MM X 600MM X 36MM BOARD FOR 16MM PIPE, 150MM PIPE SPACINGS

HOR/AWFB/600-1200-24/200C/16: 1200MM X 600MM X 24MM BOARD FOR 16MM PIPE, 200MM PIPE SPACINGS

HOR/AWFB/600-1200-36/200C/16: 1200MM X 600MM X 36MM BOARD FOR 16MM PIPE, 200MM PIPE SPACINGS
