PIPE CONDUIT

Our pipe conduit protects pipes precisely where needed. Whether in industrial settings, or residential areas, the conduit serves as a robust shield against potential damage, ensuring the longevity and efficiency of the system.

Pipe conduit is an ideal choice for insulating pipes in compact spaces such as hallways or areas leading up to the manifold. Prevents heat loss and maintains optimal temperatures.

Technical Data:

- *Length: 50m*
- *Outside diameter: 21mm*
- *Material: polipropylen*
- *Packaged in 50m rolls*

Product Codes:
HOR/PCS-RED/21/50M: CONDUIT
HOR/PCS-BLK-SPT/21/50M: PRE-SPLIT CONDUIT
